

Create a RCEM public health resource webpage

Project Specialty	Location	Incentives
Emergency Medicine	London	Gratitude, Commitment to specialty / other CV building

Details

The Royal College of Emergency Medicine is offering up to two individuals the opportunity to create a public health resource page for the RCEM website. This page will be the primary source for public health information, resources and guidance for all the A&E trainees across the country. This should be completed by the 30th of January, 2021.

To apply, please send an outline (no longer than 300 words) of your ideas for the page to research.lead@thehealthcareleadership.academy

Deadline for application: 30/01/2020
